Infusing the love of Science, Technology, Engineering and Mathematics!

Potential S.E.E.D. Sponsor:

The Ruth Patrick Science Education Center will proudly host the 33rd Annual **Science Education Enrichment Day (S.E.E.D.)** at USC Aiken on **Saturday, October 6, 2018**. **S.E.E.D.** is a cooperative, community venture aimed at showcasing science, technology, engineering and mathematics (STEM) in a fun, family-oriented atmosphere. Last year more than 4500 parents, children and teachers were involved in hands-on activities and talked to real live scientists and engineers during the CSRA's largest STEM festival. Teachers attend in an effort to gain new insights and parents bring their kids because it's fun and educational. We have found that experiences like S.E.E.D. can have a profound effect on children's attitudes about STEM and STEM career fields.

Last year the generosity of various CSRA businesses and organizations helped to make S.E.E.D. a very successful event.

This letter is an invitation for you to join us in this effort by becoming a S.E.E.D. event sponsor. Sponsorship offers the opportunity to showcase your organization's commitment to science, technology, engineering and mathematics education.

Enclosed you will find a sponsorship packet outlining the various sponsorship levels and benefits that will be afforded your organization. If you would like to become a S.E.E.D. sponsor, please complete the sponsorship form and return. The sooner a sponsorship is secured, the more your organization can be recognized. You may also contact me at 803-641-3474 if there are questions.

Thank you for considering this invitation. We look forward to your support.

Sincerely,
John M. Hutchens
Director of Special Programs

SPONSORSHIP OPPORTUNITIES
